

Name of person giving feedback: _____

PEER FEEDBACK

INTEGRITY:

Integrity means wholeness. The family manifests a genuine change of heart and attitude. The student and family are constantly learning and consistently demonstrating internal control. Individual and family values become part of daily living and decision making. The student displays leadership and is an example to the community around her. The family is sincere in therapy and active in transition planning.

On Integrity Phase the student **shows:**

- shows she can follow the rules without complaint and without staff direction
- shows she can do chores well and without complaint
- shows she can be open in therapy
- shows she can participate and learn in school and groups
- shows she can take responsibility for her treatment issues by going to uncomfortable places in therapy
- shows she understands her core issues
- shows she can correct inappropriate behavior without justifying it
- shows she can be honest with staff and peers
- shows she can make good choices
- shows she can give feedback respectfully and accept it non-defensively with all people including her family
- shows she can make choices that match her values
- shows positive leadership in the community
- shows internal motivation
- shows respect for those around her by not participating in gossip
